It is said that Mr. Will. C. Herndon, late candidate for the office of City Attorney, passed through the canvass and election without having bought a vote or given a drink of liquor.

### Council Proceedings.

FRANKFORT, KY., Jan. 6th, 1879.

Present—E. Burns, E. P. Bryan, A. Duval, R. C. Church, Sig. Luscher, L. Tobin, S. I. M. Major, H. I. Todd.

The Councilmen-elect having taken the oath of office required by the Constitution of Kentucky and the ordinances of the city of Frankfort, entered upon the discharge of their duties as the Board of Council of the city of Frankfort.

The first business in order being the election of Mayor of the city of Frankfort, Councilman R. C. Church nominated Col. S. I. M. Major. The vote being taken, resulted in the election of Col. S. I. M. Major for the ensuing two years, or until his successor shall be duly elected and qualified.

The next business in order being the election of a Clerk for the ensuing two years, or until his successor shall be duly elected and qualified, Councilman Tobin nominated Russell Sneed; and the vote being taken, resulted in the unanimous election of said Sneed.

On motion of Councilman Bryan, the reading of the minutes of last meeting was dispensed with.

Councilman Tobin moved that the bond offered by T. J. Todd, Marshal-elect, be approved by Council, which was adopted. Whereupon Mr. Todd appeared before the Board, and took the oath prescribed by law.

On motion, Council adjourned to meet again Tuesday night.

TUESDAY, January 7th, 1879.

Present—His Honor the Mayor and all the Council.

Minutes of last meeting amended and approved.

Ordered, That that portion of the minutes of last meeting in reference to Councilman Todd and Hugh Rodman, City Attorney-elect, be stricken out.

Mr. Grant Green appeared before the Board and asked for an appropriation or assistance for the poor of the city, and also for the use of the Council Chamber on Wednesday evening.

On motion of Councilman Todd, it was ordered that a special committee be appointed to take the matter into consideration in regard to the poor, and that said committee be authorized to expend not exceeding two hundred dollars to relieve the immediate wants of those actually in need, and that the Clerk be directed to issue his warrant upon the Treasurer for said amount, which was adopted, and His Honor the Mayor appointed the following committee—Councilmen Todd, Tobin, Bryan and Burns.

And then, upon motion, the Board adjourned to meet again Wednesday night, the 8th inst., at 7 o'clock.

### CALLING MEETING.

JANUARY 8th, 1879.

Present, Mayor and all the Councilmen. Minutes of last meeting read and approved.

Councilman Todd, from special committee in relation to the poor, reported that the sum appropriated for the poor of Frankfort had been placed in the hands of Messrs. Grant Green and W. J. Chinn for distribution.

The Board of School Trustees, Messrs. J. G. Dudley, Geo. C. Drane, and S. C. Bull

approved and qualified in open Council, and then gave bond, which was approved.

Mr. Hugh Rodman appeared and presented his qualification, and announced his readiness to enter upon the discharge of his duties.

The Mayor appointed the regular standing committees, and the Council then proceeded to the election of city officers—the Mayor and Clerk having been previously elected—and the following persons were elected to fill the various offices:

Jno. W. Payne, Treasurer; Jason M. Case, Assessor; M. A. Jones, Superintendent of Gas and Water Works; E. A. Phillips, Engineer of Steam Fire Engine; Richard Parker, Fireman of Steam Fire Engine; Ross Lee, colored, Janitor of Market House; Phillip Selbert, Keeper of City Clock; Jno. W. Rupe, Day Policeman; Jere Lee, Captain of Night Police; Jack Long and C. W. Merchant, Night Policemen for North Frankfort; Thompson Conway and J. T. Larkin, Night Policemen for South Frankfort.

Councilman Luscher moved to appoint an additional night policeman for North Frankfort, whereupon Councilman Todd demanded the yeas and nays; the vote being taken, it was decided in the affirmative by a vote of 7 to 1.

Mr. Henry Brown was put in nomination for the position and elected.

Zach. T. Thomasson, Weigher and Measurer; Peter Byrne, Janitor of Major Hall. Councilman Todd moved to abolish the office of Health Officer. Adopted. Same moved to postpone election of lamp lighter, Adopted.

Councilman Church moved to abolish office of Civil Engineer. Adopted.

City officers' reports for December, 1878, and sundry petitions were received and appropriately referred.

Councilman Todd moved that the committee on finance request the late City Marshal to make final report to said committee as soon as possible. Adopted.

On motion of same, accounts against the city were referred to appropriate committee.

On motion of same, Ordinance Committee was directed to procure as many copies of City Ordinances as could be found.

Ordered that Council now go into executive session.

### EXECUTIVE SESSION.

On motion of Councilman Tobin the committee on finance was ordered to report at next meeting on the seven bonds now in possession of the Council.

Murray, Miller & Co. presented a bond and power of attorney in relation to lottery grant, which were approved by Council, and clerk ordered to take proper steps to have them approved by the County Court, properly recorded, and deposited in a safe place.

The doors were then thrown open, and, on motion, the Council adjourned.

The New Year's entertainment given at the residence of Mr. John T. Stout, near Alton, Wednesday night of last week, was a perfect success. Miss Minnie Roberts, the beautiful and accomplished hostess, attired in elegant black cashmere and velvet, received and entertained the guests in a kind and gentle style, as usual. The bewitching young ladies, Misses Roberts, Tracy, and Wilson, entertained the guests a portion of the time with most delightful music on the piano, which all enjoyed.

A splendid repast of dainties, which all young people love so well, was served, and all did ample justice to it.

The names of the young ladies who graced the room, and description of dresses follow:

Miss Bettie Doolin, of Lexington, elegant brown silk and satin; Miss Mattie Gaines, black rep silk; Misses Mary and Emma

Wilson, one, a hand-some navy blue cashmere and silk, the other, navy blue poplin; Miss Eva White, black rep silk; Miss Maggie Tracy, brown poplin and velvet; Miss Van Gudel, brown poplin and velvet; Miss Ellen Parker, black cashmere and silk; Miss Lou Herndon, steel colored poplin; Miss Mittie White, black cashmere and silk; Miss Julia Roberts, brown poplin; Miss Julia Carleton, green and black poplin.

In reference to the young gentlemen, I will say that all conducted themselves in the most commendable style, and added very much to the enjoyment of the young ladies. They (the young gentlemen) seemed to enjoy themselves as much as the young ladies, especially the one who was calling "Uncle Will."

Children do not die of the croup to whom Dr. Wm. Hall's Balsam for the Lungs is administered. Parents will do well to remember this fact and keep a medicine, which saved so many lives, in the house ready for an emergency. The Balsam overcomes a tendency to consumption, strengthens weak and heals sore lungs, remedies painful and asthmatic breathing, banishes hoarseness, and cures all bronchial and tracheal inflammation. If you have a cough, use it "early and often." For sale by Hughes & Chiles, Druggists.

FRANKFORT, JANUARY 11, 1879.

Ice is over a foot thick on the river.

New sleighs make their appearance on the streets every day.

Go to the Murphy meeting at the court-house next Monday night.

Mercury reached 16° below zero yesterday morning. Too cold for fun.

There are, perhaps, more sleighs in this city now than at any former period of its history.

Mr. Luscher favors the gas well project, and has a plan for furnishing the city with an abundance of good spring water, at a cost not exceeding \$10,000.

Since the cold weather set in, Mr. Banta, the fruit dealer, has had stolen from his store one bucket of mince meat, two dressed ducks, about fifteen pounds of fresh fish, and a large dressed turkey. The thief evidently has a proper appreciation of the good things of life.

There is every reason to believe that Major Hall will be full next Monday night, to greet one of Frankfort's greatest favorites, Mrs. Henrietta Chaffran. She will appear as leading character in "Jealousy," and will be supported by a first class company. Go to Dryden at once and secure a seat.

Quite a number of poor people take orders from the executive committee of the Frankfort Humane Society for provisions to keep them from starvation, and want the grocers to "give the balance in tobacco." Such persons are very properly informed that the orders are given for necessities, and not for luxuries.

The following is the official vote of the city of Frankfort, taken on Saturday, January 4th:

#### FOR CITY ATTORNEY.

Hugh Rodman.....	665
W. C. Herndon.....	532

The poor of the city are receiving some attention from the charitably disposed people of Frankfort.

Many poor people of this city, who suffered the pangs of hunger more than once this winter, were fed yesterday.

The boys are having a jolly time with their sleds. From one to a dozen can be seen hitched on to almost every vehicle that passes.

Too much snow on the ice for skating, so the boys buckle on their skates and take the middle of the streets, where the snow has been beaten down hard.

There is to be a Murphy meeting at the court-house next Monday evening, at 7 o'clock, to which everybody is cordially invited. Let there be a full attendance.

Communications intended for this paper must be accompanied by the real name of the writer, or vouched for by some one known to us; otherwise they will receive no attention.

F. V. Gray & Co. received a large stock of fresh groceries yesterday, since which time every man in the house has been as "busy as a bee." They were in a run nearly all day yesterday supplying the wants of the poor.

It is reported that Gen. G. C. Smith will lease Capital Hotel at the expiration of Capt. Steele's term. Gen. Smith is one of the best known and most popular men in the country, and the Capital would be immensely popular under his management.

Invitations are out for the marriage of Miss Lettie Todd, this city, and Mr. Arthur Peter, Jr., Louisville. The ceremony will take place at the residence of Mr. Jas. M. Todd, at 1 o'clock P. M. next Wednesday. May the sunshine of prosperity and happiness illumine their paths through life, and never a cloud to mar the brightness of their matrimonial felicity.

An intelligence and employment office has been opened at the store of Marshall & Meagher, where persons desiring employment, as well as those wanting to hire help, should leave their names. Several stout negro women called there yesterday and said they wanted "something." They had been told that this enterprising firm was giving goods away, but on being informed of the object of the i and e o, they said it was too cold to work, and they were not in good health, if they did look so.

### Personal.

Hon. J. B. Tharp, Nicholasville, was in the city several days this week.

Mr. Sidney French spent several days this week in Louisville, on professional business.

Dan. Driscoll is one of the rising young men of Frankfort. He is a natural orator.

Mr. Russell Sneed, our handsome City Clerk, goes to Louisville next Monday on business.

Landon Thomas, Jr., after having spent two weeks at home, left for Bethany College, W. Va., last Monday.

John Pendleton left for Louisville Wednesday to finish a course of study in the College of Pharmacy in that city.

Wm. A. Smith, Jr., spent the holidays at home, and returned to his studies, at the College of Pharmacy, Louisville, last Monday.

Mr. R. Campbell Steele went to Louisville Tuesday to take charge of the Willard Hotel. His family will leave for that city soon.

Mrs. Emily Tubman and Mrs. Louisa Keeningsham left Wednesday for their home in Georgia, accompanied by Dr. J. S. Price.

Miss Mattie Roberts, who has been the guest of Mrs. Thos. H. Hines for several weeks, returned to her home in Bowling Green this week.

Mr. Chas. Haydon, Louisville, was shaking hands with his old friends in this city a few days this week. He looks healthy and cheerful, as usual.

Our nice young man has been ruralizing this week. He will be on hand to see that the Murphy meeting is properly conducted next Monday night.

Misses Anne and Emily Thomas left for Harrodsburg last Monday to resume their studies. They spent two weeks at home, and, no doubt, feel better for the rest they have enjoyed.

Mr. Hiram Dingnid and bride, nee Miss McCann, of Carroll county, are visiting relatives in this county. They arrived Thursday evening, when a reception was given, in honor to them, by Mrs. Lettie Jett. Mr. D. is a brother to Mrs. Lee A. Owen, this county.

Prof. Neereamer, the accomplished leader of the Frankfort String Band, is in Lexington on professional business. There is some talk of the Lexingtonians trying to entice him away from us, and unless an effort is made to keep him here, Frankfort will soon be without one of the best musicians ever in this section.

### Farmdale.

The past week has been the coldest known to the oldest inhabitant.

Mr. Harry Thomas has returned from a business visit to Louisville.

The "Beautiful Snow" still covers the earth about eight inches, and the tinkling of the bells is anything but happy to the horses.

General Scott Brown shipped a car load of fat mules to Georgia this week, his own feeding and raising. He is one of our most enterprising farmers and stock raisers, and ships annually from one to three car loads of stock to market. Last year he shipped a portion of his stock to Baltimore, but did not like the returns well enough to try the experiment again.

Mr. Reuben Hawkins met with a serious accident recently, since the snow. His horse slipped and fell with him, dislocating his left shoulder; though in great pain, he remounted his horse and rode home, a distance of six miles, in the night time, alone, before he had medical assistance, and when he did get the doctor he said the doctor hurt him more than the horse did. He says he does not want to go to any more weddings in Christmas, unless it is his own, which will be sooner than next Christmas, from present prospects.

A gentleman from this vicinity (and a correspondent of the Roundabout, "Pos") removed to Antioch, has the smartest dog in the county. A noted tie on the dog's neck will be conveyed from his home to that of his mother-in-law, near Bridgeport, and an answer returned by the same messenger.

How it is done: The dog does not know but two places, home at Antioch and the one at Bridgeport. "Pos" will tie a note to his neck, and a tin pan to his tail and give him a sound thrashing, and tell him to get out, when the dog goes to his next friend, where a similar incentive will cause him to return the answer. A very effectual training. Pos brother says this is the way the thing is done.

The new City Council deserves credit for having abolished the office of Civil Engineer.

The Seven held a caucus Tuesday afternoon and made nominations for the minor city offices.

Truly the servant is worthy of his hire, but the tax-payers should not be made to foot the bill.

South Frankfort has about as much use for two policemen as a horse-cart has for seventeen wheels.

Three new offices have been created by the new Council. This is a good start towards an economical administration—in a horn.

Foresters meet in regular session next Wednesday evening, at 7 o'clock, at which time there will be an election of officers for the ensuing term.

If you want something good to eat, go to Burckhardt's meat store and get the freshest and tenderest meat in town. Read his advertisements in the column of Local Notices.

The Roberts school-house, about eight miles from this city, on Benson, was consumed by fire on Friday night of last week—the burning being the result of carelessness.

Some of the boys had to be left out in the cold. Notwithstanding three new offices were created to compensate some of them for their labor there were not enough to go round, and now there is dissatisfaction and discord among the faithful.

John Vanderhilde, one of the convicts who escaped from the penitentiary last week, was recaptured in Louisville, and brought to this city Monday. He was exposed to the recent severe weather, barefooted and without food, and, at the time of his capture, was in a pitiable condition.

The regular meeting of Hiram Lodge, No. 4, A. Y. M., will be held next Tuesday evening, at 7 o'clock, at which all members are requested to be present. After the usual business is disposed of a Lodge of instruction will be opened. Members of sister Lodges are cordially invited to be present.

The regular meeting of the Good Templars takes place at their Hall, in Old Fellows' Building, next Thursday evening, at 7 o'clock, at which time officers will be elected to serve the ensuing quarter. The election will take place immediately after the close of the public meeting. Let everybody go.

Attention is invited to the correspondence on the fourth page of this paper.

Mrs. Franklin's school is steadily increasing in number,—four new pupils this week notwithstanding the unfavorable weather.

Mr. Darsie Preaches to-morrow morning on "Weakness and Strength," and to-morrow night, on "The Gospel to the Poor." All are cordially invited.

Mr. Wm. Dennis, who lives on Pea Ridge, was cutting down a tree last week, and in falling it fell in such a manner as to catch his foot and crush it severely. He is doing well.

A large number of country people were in town Monday, county court-day. Business was quiet, and but little stock on the market, for which very low prices were offered. The usual amount of benzine was indulged in, and the Police Judge had a fair share of business the next day.

The society news editor of this paper has been so pressed with official business for the past three weeks that he could not give our "Personal" column the attention it required. He will give it his attention as soon as everything settles down in its accustomed grooves and begins to run smoothly.

Attention is called to the card of Dr. W. H. Averill, which appears in another column of this paper. Besides a complete stock of drugs, and everything usually kept by a first-class druggist, he has a full line of nice musical goods which he sells at lowest cash prices. Don't forget him when you want anything in his line.

Marshal Jere Lee went out of office last Tuesday morning. Mr. Lee was an energetic and a faithful officer, discharging the duties of his office fearlessly and impartially. While he is a strict partisan, he never suffered his party feelings to influence his official actions, as many can testify who were in the hottest of the contest last Saturday. Pity there are not more like Mr. Lee in Frankfort. May he live long and prosper.

There were six scholars in the Christian Sunday-school, of this city, who were present every Sunday in 1878. Their names are Lizzie Rodgers, Charlie Wilson, Mrs. R. S. Watson, Tena McEwan, Carrie McEwan, and William Macklin. These were all suitably commended and rewarded for their faithfulness last Sunday.

Average attendance of the school for the year.....125  
Average collection.....\$2 61  
One teacher was present every Sunday in the year.

The following is the roll of honor of Dudley Institute for the month ending Dec 20th, 1878:

Faith Casey,	Hope Casey,
Agnes Fitzhugh,	Nannie Fitzhugh,
Belle Hensley,	Burford Hendrick,
Antoinette Lindsey,	Maria Lindsey,
Helen Lindsey,	John Price,
Lillian Sawyer,	Lullie Stephens,
Bonnie Todd,	Lida Todd,
Myda Zimmerman,	Ester Miller,

### Matters of Public Interest.

We deem it proper to lay the following correspondence before the citizens of Frankfort. It will be seen from it that both the public faith and personal honor of a clear majority of the new Council, no matter what gentlemen may be finally decided to be legal members of that body, are fully pledged to render speedy, but long delayed, justice to the entire northern portion of the city in all matters relating to public water and gas facilities, street and other public improvements, and police discipline.

Letters similar to that addressed to Capt. Milam were addressed to all the candidates except Mr. Major. That to Mr. Taylor was not signed by Mr. Harvie. Judge Duval made no response.

O. S. WALCUTT,  
E. WHITESIDES,  
R. B. JILLSON.

FRANKFORT, Dec. 21, 1878.

B. C. Milam, Esq.:

SIR: At a meeting of a number of non-partisan citizens and property owners residing north of Market street, not yet pledged to the support of either ticket for City Councilmen now before the people, held last night, the undersigned were appointed a committee of five to address to you the following questions, to-wit:

1st. Will you, if elected to the Council at the approaching city election, both vote and exert yourself as a member of that body, to secure to all that portion of the city north of Market street the same public conveniences now enjoyed by citizens residing, or owning property in that part of North Frankfort south of Market street, by the extension of both the water and gas works toward the north, north-east, and north-west, to the city limits?

2d. Will you, as Councilman, endeavor to secure to all that part of the city north, north-west, and north-east of Market street perfect equality with all other portions of the city in all matters relating to streets, street improvements, and sidewalks? And in determining that equality, will you take into consideration the unjust and marked neglect with which almost the entire northern part of the city has been treated in these and other respects, by successive Councils, for many years past?

3d. Will you, as Councilman, try to have all city ordinances and police regulations enforced in that part of the city lying between Market street and the city limits on the north-west, and east with the same rigor and impartiality with which they are, or may be, enforced in any and every portion of the city?

Hoping to receive from you a prompt, direct, and, we may add, satisfactory answer to each of the foregoing questions, we remain, very respectfully,

Your fellow-citizens,  
E. WHITESIDES,  
R. B. JILLSON,  
S. SANDERS,

You propound to me therein three questions touching my action as a member of the Board of Councilmen of the city of Frankfort, if elected to that position, to which questions I make as brief reply as possible, to make my position clear, viz:

1st. I am-surely will

2d. That portion of the city to which you refer shall have a thorough investigation at my hands, and its requirements and necessities shall have my intelligent consideration, with a view to placing that district in every and all respects on equal footing, as to streets, sidewalks, and all other improvements, with all other portions of the city.

3d. I will use all the power vested in me to have every ordinance and police regulation as thoroughly and rigorously enforced in the territory named, as it is in other parts of the city, and will endeavor to see the same universally enforced.

I remain, gentlemen,

MINUS WILLIAMS'S RESPONSE.

FRANKFORT, Dec. 27th, 1878.

Messrs. L. E. Harvie, O. S. Walcutt, R. B. Jillson, and S. Sanders: GENTLEMEN: Your communication, dated Dec. 21, was received late yesterday after-

noon, and I embrace my earliest opportunity to reply.

As requested, I shall give a prompt and direct answer to the three questions addressed to me. To each and every one my answer is yes.

In making this reply I know I promise but what is right and just, and it will be my duty and pleasure to make the best effort I am capable of to carry out your wishes. People living in the northern, north-eastern, and north-western part of the city are certainly entitled to the same public conveniences as those living in other parts, and I will endeavor to secure such to them, by voting to extend the gas and water-works toward the north, north-east, and north-west, to the city limits. I will endeavor to secure to them also perfect equality with all other portions of the city, in all matters relating to streets, street improvements, and sidewalks.

I will try to have all city ordinances and police regulations enforced alike in every part of the city.

Thanking you for the honor you have done me, and the courteous language in which your note is addressed, I remain,  
Yours truly,  
MINUS WILLIAMS.

ED. BURNS'S RESPONSE.

FRANKFORT, Dec. 26th, 1878.

Messrs. Lewis Harvie, O. S. Walcutt, R. B. Jillson, S. Sanders: GENTLEMEN: Your favor of the 21st has just come to hand to day.

In reply to the questions therein asked me, I have this to say: if elected, I will do all in my power, by vote and otherwise, to improve the sections of the city named in your letter. I remain  
Yours, respectfully,  
ED. BURNS.

SIG. LUSCHER'S RESPONSE.

FRANKFORT, KY., Dec. 26, 1878.

Messrs. Harvie, Walcutt, Jillson, and Sanders: GENTLEMEN: Yours, dated 21st inst., was received this morning, and I hasten to reply.

1st. In regard to extension of water and gas-works towards that part of the city mentioned in your communication, I am in favor and endeavor to enforce it, so to secure to said portion of city the same privilege to which that community is entitled to, if it can be done with the present gas-works.

2d. To matters relating to streets, sidewalks, etc., I believe I have always endorsed public improvements and shall do so in future.

3d. So far as city ordinances and police regulations are concerned, I have so far done my best to enforce it, and promise to do so hereafter.

In regard to gas, I should think another trial at the well on corner of High and Main streets probably may prove satisfactory, so to supply that part of the city with gas from that well.

Relating to water-works, I am greatly in favor, and, by all means, I think it the most useful improvement we ought to have. Of course not to increase taxation; everything cannot be done at once, but the most useful ought to be done first. I will promise to try my utmost to have good, substantial water-works in and all over the city. I have a plan here, and if any citizen wishes to take a view of my proposed plan, I shall be very glad to show and explain it at any time. Water-works can be established to furnish the community with any quantity of healthy spring water at a cost not exceeding \$10,000. Said water-works could be used in case of fire to furnish any quantity of water without using the fire engine. This plan is far the best, cheapest, and most durable, and has been used and proven satisfactory in many cities in the State of Ohio.

Should I be elected, I once more promise to do all in my power to enforce every and all wishes required in your communication, and asking your kind support, I am, gentlemen,  
Yours very respectfully,  
SIG. LUSCHER.

E. P. BRYAN'S RESPONSE.

FRANKFORT, KY., Dec. 30th, 1878.

E. Whitesides, L. E. Harvie, R. B. Jillson, O. S. Walcutt:

GENTLEMEN: I have the honor to be in receipt of your communication of Dec. 28th. I recognize your right to ask me these questions, and have to say in reply, that to all of your questions, numbers 1, 2 and 3, I answer in the affirmative. Aside from my being a resident and property-holder in the portion of the town to which you refer, I am decidedly in favor of paying some attention to the neglected portions of our city. I believe that every district should be put upon an equal footing as regards improvements that are paid for from the city's treasury.

I belong to no ring, and while I do not believe in too many promises at this time, I will say, that, if elected to this office, I shall do all in my power to have that portion of the city to which you refer placed and kept upon an equal footing with that south of Market street. I have the honor to remain  
Your obedient servant,  
E. P. BRYAN.

JOHN KIERNAN'S RESPONSE.

FRANKFORT, KY., Dec. 26, 1878.

Messrs. O. S. Walcutt, E. Whitesides, R. B. Jillson, S. Sanders, and Lewis E. Harvie: DEAR SIRS: Your important communication, dated 21st instant, I received this morning.

The questions therein contained I have duly considered and am glad of the opportunity afforded me to express my views thereon. Having been nominated on the Citizens' ticket—not at my instigation, but by some of my friends—I was prevailed upon to accept the nomination, and am now determined to face the brunt of battle "come what, come woe." The substance of the three questions propounded to me is contained in whether improvements and general necessary conveniences, wherever needed in any portion of that part of the city north of Market street, shall meet with my indorsement and support, and to use every honorable means to provide same. To this I will say that I think it is the plain, unvarnished duty of the public servant to acquiesce in, and, if elected to that honorable Board, I assure you that no unwarranted, restricted policy shall shape my course of action or thinking, but it shall be my constant aim, wherever any question of public good or improvement arises, to further the same by any possible means in my power.

Without wishing to inveigh against our present Board, rather to let the past legislation speak for itself, I will yet say that, in my opinion, they are either hampered by partisan, selfish motives, or are else lacking in the qualities that constitute an ordinary business man. Their line of action is, if I am correct, to build up one part of the city at the neglect and expense of the other, and producing a state which you very properly call inequality, and you might say worse. By such engineering property depreciates, the surroundings become anything but inviting, and the more respectable and spirited people very naturally seek other parts. In regard to the gas and water question, nothing would give me greater pleasure and zest than to have such things going on, producing comfort to property owners, and above all, giving to the poor man employment. I have always been convinced that if the car of progress is kept in movement, that one beneficial object will follow another, but not so if things are always to remain stationary—always exercising economy and no enterprise.

Last, but not least, observation plainly shows that our police force is not parcelled out properly. Main street, St. Clair, Broadway, and Ann are receiving their constant and undivided inspection I might say, while north of Market street is very coolly and casually scanned over. When arrests are made in that portion of town, almost always the offended parties have to send for the policeman. In my estimation rather have a larger and adequate force, to see that no portion of North Frankfort be neglected. This, I am confident, will do away with rowdiness, and, if anything be a stimulus to a more healthful morality.

With this, I have the pleasure to remain  
Your obedient servant,  
JOHN KIERNAN.
